Speisely Joins Google for Startups Immersion EMEA

Powered by Antler · Scaling Germany’s direct digital gastronomy & catering ecosystem.

THE INDUSTRY CHALLENGE

The $12 Billion Catering Market Nobody Modernized

Across Germany, corporate event planning and team catering have been stranded in outdated workflows:

Opaque Corporate Booking

Companies spend days chasing quotes, exchanging PDF attachments, and risking poor food quality with zero reliable price comparisons.

Hidden Behind 25% Middlemen

Artisanal caterers and restaurants are squeezed by broker commissions, losing customer contact and direct brand ownership.

Fragmented Discovery

No unified platform united corporate meetings, authentic regional caterers, and direct restaurant ordering in one place.

OUR PLATFORM ARCHITECTURE

Direct, Tech-Driven & Fair: The Speisely Platform

We built Speisely to give companies seamless event dining while putting culinary creators first:

Direct B2B Catering Marketplace

Transparent per-person packages, dietary filters (Halal, Vegan, Organic), and verified local caterers for 10 to 500+ guests.

No-Commission Food Ordering

Direct ordering and table reservations for local restaurants with lightning-fast digital storefronts and zero predatory fees.

AI-Driven Event Concierge

Instant smart matching: companies describe their budget, date, and vibe — our engine pairs them with verified local culinary partners.

MOMENTUM & SCALE

Rapid Growth Across Germany's Top Metropolises

Connecting authentic gastronomic craftsmanship with corporate demand:

5 Hubs

Regional Expansion

Dedicated hubs live across Berlin, Frankfurt, Köln, München & Hamburg.

100%

Direct Relationship

Caterers keep their customer contacts, custom pricing, and repeat client trust.

B2B + B2C

Unified Marketplace

Office catering, executive board dinners, private festivals, and neighborhood dining.

Zero Risk

Fair Partner Terms

Free verified partner onboarding, high-ranking AI SEO, and fast secure payouts.
